

## Chickpea Curry

*This is Amy Lewin's version of Chef Nicole's recipe. She gave it to Amy a couple years ago and Amy never wrote the quantities down. This is her adlib version that she does at home...*

### **Ingredients:**

1 onion, diced

1 packet of Sukhi's classic curry (available at New Seasons)

1-2 cans chickpeas (garbanzo beans)

1/2 - 1 can coconut milk (to taste, I usually use the whole can)

1 can stewed or diced tomatoes

Sweat the onion down until translucent. Pour the rest of the ingredients into a saucepan and warm on medium heat. Enjoy!
