

Corn and Kale Salad with Basil

This is a nice summer salad treat especially when the corn is just coming on and the kale is nearly over. Using fresh basil gives this salad a nice balance.

Corn and Kale Salad

- 4 ears of corn, kernels cut off the cob
- Handful of kale leaves, stems removed, coarsely chopped
- Small handful of basil leaves, torn
- 1 Teaspoon olive oil
- Juice from ½ lemon
- Pinch of salt to taste

Toss all ingredients in a large bowl and serve. Enjoy!
